International conference “Railway Engineering: Bringing Manufacturers Together” is held on the September 19, in Hotel Pullman Berlin Schweizerhof as a part of the Russian companies’ participation in the InnoTrans 2018. The conference is supported by the Russian Export Center.

The key concept of the event is to help to coordinate approaches to the development of railway engineering across the 1520 and 1435 area for the benefit of manufacturers and consumers of railway equipment.

Senior executives of international rail organizations, representatives of the leading railway equipment manufacturers, construction companies, IT-companies, experts in railway engineering, certification and application of technological innovations are invited to participate in the Conference.

09:00 - 10:00 **Registration**
Welcome coffee

10:00 - 11:30 **Machine Manufacturing in the Digital Era.**

Discussion on the future of the industry in terms of digitalization

- Digital railway and rolling stock. What technologies are under demand and what risks should be considered
- Faster and more reliable. What solutions and services improve the efficiency of railway equipment design, operation, and maintenance
- Made in Russia. Successful cases of cooperation between Russian manufacturers and their foreign partners
- Comprehensive approach. Why cooperation of exporters of rolling stock, components and IT systems is crucial when entering the new markets and how can customers benefit from it
- To a common denominator. Unifying technical regulation in the field of railway engineering in various countries

Welcome addresses:

Alexander Morozov, Deputy Minister of Industry and Trade, Russian Federation

Jean-Pierre Loubinoux, General Director, UIC

Moderator:

Pavel Burlachenko, Head, Department for the Export of Automotive and Railway Engineering, Russian Export Center

Speakers:

Valentin Gapanovich, President, Union Industries of Railway Equipment

Maxim Shtayger, Technical Director, Mechel-Steel Management Company

11:30 - 12:00 **Lunch, Networking**

12:00 **Transfer from Pullman to Messe Berlin**
